

DRAUGHT SKIRT PACK

This pack consists of the following;

- Draught Skirt
- Wheel Arch Cover
(larger size provided for 900cm+ and AiR models)
- 5 Double-Sided Velcro Pieces
- Figure of 8 Double-Sided Channel
(2 provided for 900cm+ and AiR models).

INSTRUCTIONS FOR USE

- Start by feeding the draught skirt into the channel of the caravan, from one end.
- Once you reach the wheel arch of the caravan, pull the draught skirt out enough to enable you to slide the figure of 8 channel onto the draught skirt.
- Feed the wheel arch cover into the top section of the figure of 8 channel.
- Continue to feed the draught skirt (with wheel arch cover attached) into the remaining section on the caravan, keeping the wheel arch cover centralized to cover the wheel arch.
- Evenly space the Velcro pieces and attach to the top of the wheel arch cover.
- Offer up the wheel arch cover to the caravan and peel away the Velcro backing.
- Press the Velcro pieces firmly onto the caravan.
